

A.A. Talks to Medical Students
Tuesday, October 20
Thursday, October 22

In keeping with the original 1946 guidelines for cooperating with the professional community, the CPC committee is asking for volunteers to speak to first-year medical students about the program of Alcoholic Anonymous: what it is, what it is not, what it can do and what it can not do.

One year of sobriety** and attendance at one (or more) workshop will help insure that your talk is consistent with AA's purpose and traditions. If you have participated in the past, we need you to come to a workshop to share your experiences with the first-time speaker. (**AA's with less than one year will be considered as possible speakers)

WORKSHOPS:

Saturday, Sept. 12, noon, at First Step, 198 Spotnap Rd., Pantops
Monday, Sept. 21, 7:00 PM, Westminster Presbyterian, 190 Rugby Rd, (park in back)
Sunday, Oct. 4, 4:00 PM, First Step
Thursday, Oct. 8, 7:00 PM. Westminster Presbyterian
